

SCAVENGER HUNT

Looking for another way to have fun with the family right in your own backyard? Go on a scavenger hunt! This easy, inexpensive activity can be done with things you have in your home or around your neighborhood. Plus, you can sneak in an educational element without the kids even noticing.

SPIN IN A CIRCLE

FEEL SOMETHING COLD

FIND A BUG

LEVEL UP YOUR SCAVENGER HUNT

- Have your kids compete to see who can check everything off first. Assign a parent to each little one for accountability, and come up with a prize for the winner!
- Make it a community event. Get in touch with your neighbors on Nextdoor or Facebook and have families post photos or videos once they complete an activity.
- Call up grandparents, family or friends on Zoom or FaceTime and let them direct the scavenger hunt! Have them pick items for your kids to find and show them on screen.
