to Change Your Life From
Buffini & Company

MASTERMIND SUMMIT 2019

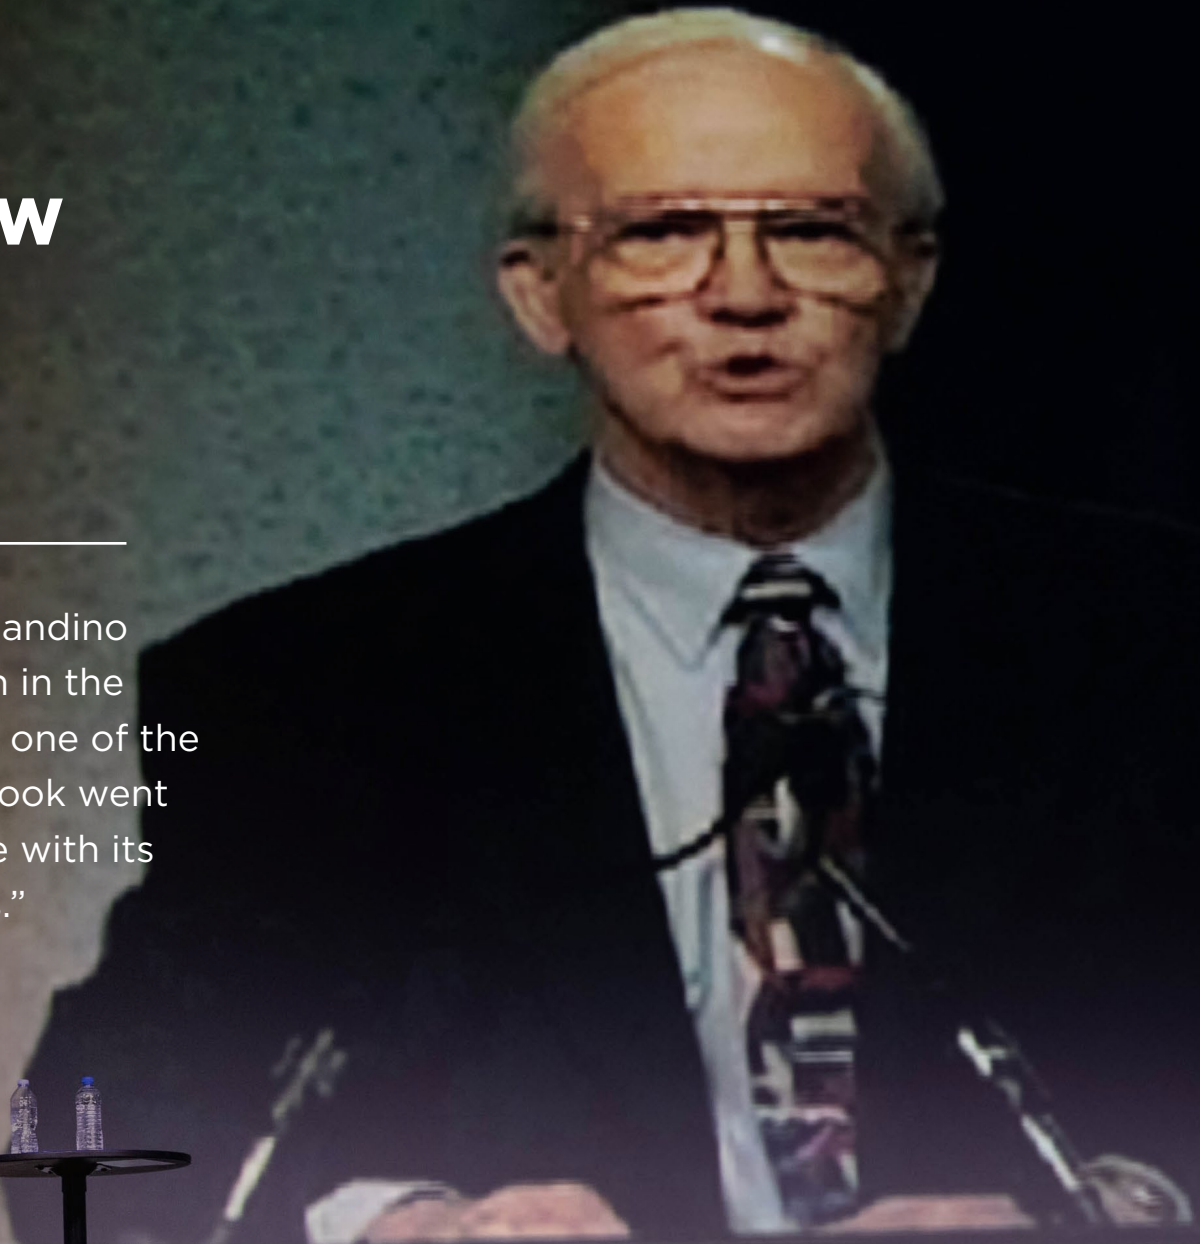

Buffini & Company MasterMind Summit is one of the most powerful personal development seminars out there today.

Nearly 4,000 people flooded the San Diego Convention Center on Aug. 4-6 this year to hear from master motivator Brian Buffini and the incredible lineup of guest speakers. The inspirational content they shared touched the lives of every person in the room — we want to share some of the most significant lessons that you can apply year-round!

Learn to Grow From the Tough Times

Personal growth legend Og Mandino wrote “The Greatest Salesman in the World” immediately following one of the darkest times in his life. The book went onto inspire millions of people with its “10 Ancient Scrolls of Success.”

Attitude is Altitude

You can reach new heights in life — even under the toughest circumstances — simply by changing the attitude you bring to the day; wisdom imparted by Nick Vujicic, founder of Life Without Limbs.

“The challenges in our lives are there to strengthen our convictions. They are not there to run us over.”

— NICK VUJICIC

Carpe Diem

Start fresh each day by telling yourself, “Today, I begin a new life,” and you will set yourself up for positive change — seize the day while you’re at it!

Understand Others

The hardest thing about life is other people, and comedian and psych expert Connie Podesta shared the importance of understanding different types of personalities and offered tips to work with each.

“There is no one else who can decide, judge or predict what you are capable of achieving in life but you!”

— CONNIE PODESTA

Adopt a Millionaire's Mindset

Gain a rich mindset — always have a plan, push through adversity, give each task your best, actively seek opportunity and never belittle yourself.

Find Balance in Your Life

Start a new life daily in these
five areas:

SPIRITUALITY

FAMILY

BUSINESS

FINANCE

PERSONAL

Grow From Failures

Learn to embrace failure, but understand that you do not need to go it alone — do not be afraid to reach out for help.

“Analyze your mistakes. You’ve already paid the tuition, you might as well get the lesson.”

— TIM FARGO

Lead With Service, Perseverance and Innovation

Kevin Brown, marketing and sales expert and author of “The Hero Effect,” says great leaders rewrite their own stories using dedicated perseverance as their pen. They are also constantly seeking out new ways to serve and impact those around them.

“Ordinary is a choice that keeps extraordinary people from their best results.”

— KEVIN BROWN

Give Off Positive Energy

Your vibe attracts your tribe.
Radiate positivity and you will
be greeted with it in return.

No Plan B

Never settle for Plan B. Make up your mind, be decisive and take action on your Plan A, which is your true want.

“There’s no reason to have a plan B because it distracts from plan A.”

— WILL SMITH
